

# Brain Awareness Week

12 – 18 March 2007

Every March the European Dana Alliance for the Brain (EDAB) coordinates Brain Awareness Week, a major collaboration celebrating the wonders of the brain and brain research through hundreds of public events worldwide. The theme in 2007 is Neuroscience in Society.

Now  
in its  
tenth year

Dr Fabio Camiello

EDAB is an organisation that is committed to enhancing the public's understanding of why brain research is so important.
